## Mr. Gladstone's Tactics to Appease the Wounded Radical Feelings

## NOT RECEIVED WITH GOOD GRACE.

They Think They Should Not Have Been Out Off with Minor Honors. The G. O. M. is All Serene, However. Probability that Mrs. Maybrick Will Be Pardoned—The Irish Viceroy's Comfortable Income—Other News from Abroad.

[Copyright, 1892, by the New York Associated Press.] LONDON, August 19.—Mr. Gladstone's selection of some minor members of the Radical section for minor posts in the government has not remedied the tactical mistake made in the exclusion of Radical representatives from the cabinet. Thorough Radicals further declare that there is not a man amongst the whole of the latest appointments who is genuinely attached to progressive opinions—Sidney Buxton, perhaps, excepted.

The exclusion of Mr. Stansfield is explained by Gladstonian papers as due to his expressed desire not to hold office, but Mr. Stansfield himself says that it must have been due to other causes. Mr. Stansfield was ready to accept office and seemed to expect his former cabinet post, but Mr. Gladstone never communicated with him.

Mr. Gladstone's plans to meet some of the dangers threatening an early overthrow of the government are already seen in the formation of cabinet committees.

At to-day's cabinet council, during a two hours' sitting, devoted to allotting work and preparing measures embodying part of the New Castle programme, three committees, in addition to the home rule committee, were formed. One committee is charged with labor questions, another is to draft bills for rural reform and local option, and the third is charged with a measure of the first importance, reforming electoral registration. With master promptitude the grand old man has already cut out work for his colleagues that will make the coming session fruitful.

The Associated Press has high authority to state that the new government will not interfere with the completed arrangements for the international monetary conference.

The wealth of Baron Houghton, the new viceroy of Ireland, is partly derived from American land investments of his father, who holds 60,000 acres in the United States. The wealthy and fatherly Lord Creve donates Baron Houghton £10,000 yearly during his tenure of office.

It is expected that Mrs. Maybrick will soon be released from prison. It is understood that both Sir Charles Russell, the new attorney general, and Mr. Asquith, the home secretary, are in favor of her release.

The prince of Wales is at Homburg. There is a large muster of English and American visitors there.

## A FOREIGN OUTRAGE.

American Missionaries in Danger—The Government's Prompt Action.

WASHINGTON, D. C., August 19.—The secretary of state to-day received a cablegram from the United States charge d'affaires at Constantinople, informing him that the house of Dr. Bartlett, an American missionary at Bourdour, province of Konia, Asia Minor, has been burned, and that the lives of the missionaries are in danger. He believes that if prompt action is not taken that the missionary cause and lives of the missionaries will be in serious danger in other places.

Secretary Foster promptly cabled the charge to make urgent demand for effective protection, indemnity, punishment of the guilty parties and reprimand of the authorities if found enemies. The United States cruisers Newark and Bennington will be ordered to the vicinity of the outrage to support this demand.

## Awful Heat in Vienna.

VIENNA, August 19.—This city is sweltering beneath a heat that is more intense than has ever prevailed here within the memory of the living. It is not believed that such tropical warmth has ever been experienced in Austria. To-day the mercury has reached 110 degrees in the shade. The city lies idle and suffering. Several persons have died of sunstroke to-day.

## Warm Throughout Germany.

BERLIN, August 19.—The heat through out Germany continues intense. The thermometer in this city registered 90 degrees in the shade to-day. Instruction in the municipal schools was suspended this afternoon because of the hot weather. This action was taken by the school authorities in consequence of a request from the emperor.

## The Hot Wave in Paris.

PARIS, August 19.—To-night the heat is lessening in Paris and the people are looking forward to more endurable weather to-morrow. The change in the temperature has already brought about a marked change in the appearance of the people and this evening the boulevards are crowded with people comparing their experiences during the hot period.

## The Cholera Record.

St. PETERSBURG, August 19.—The cholera returns for the past twenty-four hours show that in this city twenty-two new cases and nineteen deaths were reported. There were reported from the various infected districts in Russia yesterday 8,458 new cases of the disease and 3,207 deaths. This is an increase over Tuesday's figures of sixty-four new cases and 535 deaths.

## Von Caprivi May Resign.

BERLIN, August 19.—As Chancellor Von Caprivi is known to be an advocate of a two years' military service, Emperor William's declaration against a reduction of the term of service will, it is believed, force the chancellor to resign.

## Thirty Lives Lost.

St. PETERSBURG, August 19.—The steamer Grigoriyev, plying upon the Volga and tributaries, has been wrecked at Nijno Novgorod in a heavy storm. Thirty of her passengers were drowned.

## Caused by Heat.

GENEVA, August 19.—The great heat has caused fires in several parts of the country. The village of Lamre, on the Savoy frontier, and a forest near Seermatt have been burned.

## Let Off Easy.

LONDON, August 19.—The Morning News announces that MacDonnell and

Hill, who were accomplices of Bidwell in the bank forgery of 1873, have been released on condition that they leave the country never to return. Both started for America on being released.

## TRAGEDY AT MARTINSBURG.

A Negro Boy Shoots a Circus Employee. The Victim's Companions Attempt to Get Revenge By Mobbing the Murderer's Employer.

Special Dispatch to the Intelligencer.

MARTINSBURG, W. VA., August 19.—Martinsburg had another homicide to-day, and was in a state of considerable excitement for several hours. James Daily, who is head driver for the Harris circus, was shot by Cornelius Veny, a negro boy seventeen years of age. He died this evening. Veny was employed by Hon. Geo. F. Evans, who had put him out on his lawn to request the circus men not to walk over it. Daily while walking through was told by the negro to go back as he would shoot him, but thinking the boy was attempting to scare him, he kept on. The boy pulled out a revolver and shot, the ball entering Daily's head above the left ear and lodging at the base of the brain. The circus employees soon became an angry mob and catching Mr. Evans were about to lynch him, when he showed his Masonic charm. The manager interfered, and Evans was released. Evans disclaims all knowledge of the boy having a revolver, and says he had only given him orders to request persons to stay off the lawn. Veny was lodged in jail and no more trouble is feared. Daily's home is in Philadelphia, and he has a wife and four children.

## Mrs. Jane Dunbar Dead.

Special Dispatch to the Intelligencer.

STREUBENVILLE, O., August 19.—Mrs. Jan Dunbar died here this evening of paralysis, aged eighty-four. She was born in Wellsburg, W. Va., and was an aunt of James P. Curry, of Cleveland, auditor of the Nickel Plate railroad, and Mrs. Mary Renner, wife of John Renner, comptroller of the Pennsylvania lines.

## DAMAGING STORY

Against Miss Borden—Her Dislike of Her Father.

NEW BEDFORD, MASS., August 19.—This afternoon the Standard prints the following story, which it states is worthy of more than usual credence, as it comes from Captain Smalley, chairman of the overseers of the poor. Captain Smalley has said:

"George W. Hathaway, a traveling agent, said that not long since, while he was out on one of Mr. Borden's farms, the old gentleman, with whom he was acquainted, came out very much disturbed. Upon being questioned, he remarked that he did not take much comfort at home with Lizzie; that she would not eat at the same table with him, and that only that morning, when he accidentally went into the room where she was eating, she got up from the table and left the room."

Hathaway also said that Mr. Borden told him this with tears in his eyes, and further remarked that when he left the house Lizzie told him she hoped he would come home a corpse, and that probably he would before long.

Captain Smalley, in relating this, said he was thunder-struck and not being acquainted with Hathaway who told the story, he made inquiries concerning him. The captain learned that he was a reliable person residing in Fall River. His business is that of a traveler, and is prominently connected with one of the Fall River churches.

## A DESTRUCTIVE FIRE.

Twenty Four Buildings Burned at Geneva, Ohio.

CLEVELAND, August 19.—Fire broke out at 2:45 o'clock this morning in Geneva, forty-five miles east of here, in the rear of a drug store on West Broadway, and quickly spread to adjacent buildings on either side. The local fire engine manned by volunteers, was run out, and a fractions team attached to it, which became frightened and ran away, disabling the engine, and leaving the town to the unchecked mercy of the flames. Dispatches were sent to Cleveland, Painesville and Ashtabula for aid. It was daylight when the Cleveland engine arrived, and by that time the destruction was widespread. The three hotels, and nearly every business house were completely destroyed between the Lake Shore railroad track and Main street. Altogether twenty-four buildings were destroyed by fire, comprising business houses mainly, partly occupied as dwellings in the upper stories, and four residences. The estimated loss is \$175,000 on which there is \$75,000 insurance. It was reported during the excitement that the fire was started by an incendiary.

## Disastrous Fire.

TOLEDO, August 19.—The fire which started in Delta yesterday afternoon was not brought under control until four blocks were destroyed, including a hotel, Atlas printing office, seven groceries, two saloons, two barber shops, three liverys, a drug store, express office, Masonic hall, seven dwellings and other buildings. The loss is estimated at \$200,000; partially insured.

## A Terrible Outrage.

BRISTOL, TENN., August 19.—At Wise court house a most revolting outrage has been perpetrated. Recently Ira Mullins, a desperate moonshiner with his whole family was murdered near Pound Gap. The bodies were buried near Wise. Yesterday a relative going to the graves found that some one had dug a hole near them, inserted a dynamite cartridge, and blown the bodies out of the ground. They were found scattered in all directions. There is no clue to the criminals.

## The National Game.

At Cleveland—No game; wet grounds. At Cincinnati—The Reds won out to-day's game in the ninth, after two men were out, with good batting. Cincinnati 4, Philadelphia 3; errors, 2 and 4; hits, 7 and 11; pitchers, Sullivan and Casey; earned runs, 1 and 2; umpire, Lynch.

At Chicago—Fortunate bunching of hits by the colts gave them to-day's game. Chicago 7, Brooklyn 4; errors, 3 and 2; hits, 14 and 8; pitchers, Gumbert and Stein; earned runs, 6 and 1; umpire, Snyder.

## ANOTHER STRIKE

Threatened at Duquesne on Account of Discharged Men.

PITTSBURGH, PA., August 19.—Another strike may take place at Duquesne within the next few days. The Carnegie Company is said to be systematically discharging the men who led the late strike, as many as eight being thrown out of employment in one day. All those turned off rejoined the Amalgamated Association, and there is a strong feeling in favor of instituting another strike unless the discharged workmen are re-employed by the company.

It is now stated on good authority that the Pinkerton detective agency has spotted the men who took the guns on the evening of the riot at Homestead, and that quite a number of arrests will soon be made.

## Have Come to Stay.

HOMESTEAD, PA., August 19.—It is evident that many of the non-union men in the mill have come to stay. About sixteen families are now quartered in company houses, and others are prepared to come when the houses are ready. On the other hand a large number of the locked out men have secured work elsewhere and are moving away from Homestead. Notices were thrown inside the mill fence this morning warning the men at work to quit by to-morrow or take the consequences. Repairs on the new Bessemer mill are progressing favorably and the company expects to start it on Monday.

## To Begin Work.

LANCASTER, PA., August 19.—The Pennsylvania Iron Works closed June 1, owing to a disagreement about the Amalgamated Association wage scale. The works will begin operations next week with the old scale in vogue.

## Adopted the Scale.

COLUMBUS, O., August 19.—The window glass manufacturers adopted last year's scale with slight changes in working rules, and will open the factories on September 1.

## STATE OF TRADE.

R. G. Dun & Co.'s Weekly Review of the Condition of Business.

NEW YORK, August 19.—R. G. Dun & Co.'s weekly review of trade says: Late advices from the west promises rather better crops of wheat and corn, and cotton prospects are a little better, though neither yield will approach that of last year. With abundant supplies brought over, the outlook is so good that business distinctly improves and the prospect for the fall trade is everywhere considered bright. The great strikes in New York, Pennsylvania and Tennessee appear to have scarcely any appreciable effect upon business as yet.

Iron mills at Pittsburgh will soon resume, but at present shipments of coke are small and the business in window glass is not active.

Western iron mills have not fully resumed, but the present demand for bar, plates, sheets and structural iron is very active and mills are full of orders. Pig is unchanged, but a sale of grey forge equal to \$7.94 is recorded.

The business failures during the last seven days, number 172; for the same week last year, the figures were 199.

## Dr. Sipe Nominated.

PITTSBURGH, PA., August 19.—The Democratic congressional convention in the Twenty-fourth district met at Waynesburg to-day and nominated Dr. William A. Sipe, of Allegheny county, for both the unexpired term of the late Representative Craig and the regular term.

## Evans Renominated.

NASHVILLE, TENN., August 19.—Ex-Congressman H. Clay Evans, of Chattanooga, was nominated for Congress from the third district by the Republican convention at Chattanooga yesterday.

## That "Force Bill" Issue.

The following is the plank in the Republican platform which the Democratic party denounces as "revolutionary" and an outrage on the people of the South. "Will any honest, patriotic citizen say that it is unpatriotic and un-American? The 'force bill' issue is a side issue raised to create sectional prejudice and to hold the solid south in line, and here is the Republican declaration it is based on:

We demand that every citizen of the United States shall be allowed to cast one free and unrestricted ballot in all public elections, and that such ballot shall be counted and returned as cast; that such laws shall be enacted and enforced as will secure to every citizen, be he rich or poor, native or foreign born, white or black, this sovereign right guaranteed by the constitution.

The free and honest popular ballot, the just and equal representation of all the people, as well as their just and equal protection under the laws, are the foundation of our republican institutions, and the party will never relent its efforts until the integrity of the ballot and the purity of elections shall be fully guaranteed and protected in every state.

## Sleep on Left Side.

Many persons are unable to sleep on their left side. The cause has long been a puzzle to physicians. Metropolitan papers speak with great interest of Dr. Franklin Miles, the eminent Indiana specialist in nervous and heart diseases, who has proven that this habit arises from a diseased heart. He has examined and kept on record thousands of cases. His New Heart Cure, a wonderful remedy, is sold at Logan Drug Co's. Thousands testify to its value as a cure for Heart Diseases. Mrs. Chas. Benoy, Loveland, Colo., says its effects on her were marvelous. Elegant Book on Heart Disease free.
